

# No Matter What: A Family Story of Addiction Recovery

The film follows the story of the Theurer Family, a multi-generational family that includes a father and adult daughter in recovery, her five-year-old son, a mother and a teenage daughter in one home. The film intertwines each individual's experience, strength, and hope as they recover from addiction together.

In recognition of National Trauma Awareness Day and National Foster Care month, the screening of the film will be followed by a discussion to explore how families, communities and systems work together to prevent trauma, be trauma informed, and foster permanence for children and youth.
